

# Help your family make an escape plan

---

**Good escape plans help you out of your home quickly and calmly in the event of a fire. Plan and practice escape routes with your family on a routine basis.**

1. Find two ways out from every room in your home. The door should be the first way out.
2. Make sure all family members know how to open the security bars on windows and doors in your home, if you have them.
3. Pick a safe and easy-to-remember place outside the home to meet your family after you get out.
4. After you get out, call 9-1-1 or the fire department.
5. Stay outside no matter what. Don't go back for anything! Firemen are trained and equipped to enter a burning house. You are not.
